

Individual Registration Checklist

The following checklist provides registration guidance for an individual grant applicant who is planning to submit a grant on his or her own behalf, and not on behalf of a company, institution, state, local or tribal government, or other type of organization. The registration process is a **one-time** process, which is **required** before an individual can submit grant application packages electronically through Grants.gov. The registration process can take **up to a day** to complete.

Note: If you are a grant applicant, who is submitting a grant application on behalf of a company, institution, state, local or tribal government, or other type of organization, refer to the <http://www.grants.gov/assets/OrganizationRegCheck.pdf>. If you apply as an individual to a grant application package designated for organizations, your application will be rejected.
