Office of Urban Agriculture and Innovative Production (OUAIP)

Fiscal Year (FY) 2022
Composting and Food Waste Reduction (CFWR) Pilot Projects

Notice of Funding Opportunity (NFO)
USDA-NRCS-NHQ-CFWR-22-NOFO0001179
Notice of Funding Opportunity (NFO)

SUMMARY INFORMATION

Federal Awarding Agency Name: U.S. Department of Agriculture, Natural Resources Conservation Service – NHQ – Office of Urban Agriculture and Innovative Production (OUAIP)

Notice of Funding Opportunity Title: Composting and Food Waste Reduction (CFWR) Pilot Project

Notice of Funding Opportunity Number: USDA-NRCS-NHQ-CFWR-22-NOFO0001179

Assistance Listing: This program is listed in the Assistance Listings on Sam.gov under 10.935, Urban Agriculture and Innovative Production.

SAM is a web-based, government-wide application that collects, validates, stores, and disseminates business information about the federal government's trading partners in support of the contract awards, grants, and electronic payment processes.

Notice of Funding Opportunity (NFO) Summary

The U.S. Department of Agriculture (USDA), Natural Resources Conservation Service (NRCS), under the OUAIP, is soliciting applications from eligible applicants to host a CFWR pilot project for fiscal year (FY) 2022.

For new users of Grants.gov, see Section D.2 for information about steps required before applying via Grants.gov.

Key Dates

Applicants must submit their applications through Grants.gov by 11:59 pm Eastern Time on September 1, 2022. For technical issues with Grants.gov, contact Grants.gov Applicant Support at 1-800-518-4726 or support@grants.gov. Awarding agency staff cannot support applicants regarding Grants.gov accounts.

Please limit questions to those regarding specific information contained in this NFO (such as dates, page numbers, clarification of discrepancies, etc.). Questions related to eligibility or the merits of a specific proposal will not be addressed.

A webinar has been pre-recorded and is available at https://youtu.be/61kOKn2rzUw and the presentation and supporting information are posted in the “Related Documents” tab of this opportunity. The recorded webinar is also available on https://www.usda.gov/topics/urban/coop-agreements.

The agency anticipates making selections by October 30, 2022 and expects to execute awards by February 08, 2023. These dates are estimates and are subject to change. Note that completing all steps required to apply for a federal award can take some time; the table below represents a general overview of each part of this process. These elements may take more or less time depending on the applicant’s individual circumstances.

**Federal Funding Floor and Ceiling Amounts**

The funding floor for this opportunity is $45,000, and the funding ceiling is $300,000. The funding floor means the minimum agreement funding amount for the federal share per agreement awarded. The ceiling is the maximum agreement funding amount for the federal share per agreement awarded. These numbers refer to the total federal share, not any specific budget period.

Projects will be categorized and ranked according to “Project Level” where level is determined according to the federal funding amount requested:

- Level 1: $45,000 - $90,000
- Level 2: $90,001 - $300,000

**Federal Financial Assistance Training**

The funding available through this NFO is Federal financial assistance. Grants 101 Training is highly recommended for those seeking knowledge about Federal financial assistance. The training is free and available to the public at [https://www.cfo.gov/grants-training/](https://www.cfo.gov/grants-training/). It consists of five modules covering each of the following topics: 1) laws, regulations, and guidance; 2) financial assistance mechanisms; 3) uniform guidance administrative requirements; 4) cost principles; and 5) risk management and single audit. FPAC agencies also apply federal financial assistance regulations to certain nonassistance awards (e.g., nonassistance cooperative agreements).

A. PROGRAM DESCRIPTION

1. Legislative Authority and USDA Priorities

The Composting and Food Waste Reduction (CFWR) cooperative agreement pilot program is authorized by Section 222 of the Department of Agriculture Reorganization Act of 1994, as added by Section 12302 of the Agriculture Improvement Act of 2018, 7 U.S.C. 6923. Funding was made available by the American Rescue Plan Act of 2021, Public Law 117-2.

The Secretary of Agriculture delegated the authority for the administration of CFWR to the Chief of the Natural Resources Conservation Service (NRCS).

Proposals submitted under this announcement will be reviewed for alignment with executive priorities on climate, equity, and environmental justice. Applicants are encouraged to review Executive Order 13985, Advancing Racial Equity and Support to Underserved Communities, Executive Order 14008, Tackling the Climate Crisis at Home and Abroad, and Executive Order 13990, Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis, to learn more about these critical priorities. Executive orders may be located using the following link - https://www.federalregister.gov/presidential-documents/executive-orders.

2. Purpose

The purpose of the CFWR program is to enter into cooperative agreements with eligible entities to develop and test strategies for planning and implementing municipal compost plans and food waste reduction plans. Projects can be located in all community types including rural, urban and suburban.

3. Composting and Food Waste Reduction Projects or Activities

This program provides financial assistance to municipalities, school districts, counties, local governments, or tribal governments (State-designated Indian Tribes, Federally Recognized Indian Tribal Governments) to carry out activities for one or more of the following purposes. While applicants are encouraged to submit proposals that meet more than one of the objectives below (inclusion of multiple objectives will be considered when ranking proposals), OUAIIP will accept proposals that address at least one of the following:

- Generate compost.
- Increase access to compost for agricultural producers.
- Reduce reliance on, and limit the use of, fertilizer.
- Improve soil quality.
- Encourage waste management and permaculture business development.
- Increase rainwater absorption.
- Reduce municipal food waste; and
- Divert residential and commercial food waste from landfills.
In addition to meeting one or more of the above purposes applicants are encouraged to align their project proposals to address priorities on environmental justice, racial equity, climate, invest in disadvantaged communities and climate smart agricultural practices.

Priority will be given for each of the following elements that are included in a project:

- Anticipate or demonstrate economic benefits for the targeted community;
- Incorporate plans to make compost easily accessible to agricultural producers, including community gardeners, school gardens, and producers;
- Integrate food waste reduction strategies, including innovative food recovery efforts such as, but not limited to, food gleaning, storage, and preservation techniques; and
- Include a robust plan that describes collaboration with multiple partners.

Applicants should refer to the Merit/Technical Criteria section of this announcement for a complete description of evaluation and scoring criteria for proposals.

**B. FEDERAL AWARD INFORMATION**

1. Available Funding
   
   a. **Estimated Funding**
   
   The federal funding agency will award approximately $10,200,000 through this opportunity. However, the agency retains the discretion to award a larger or lesser amount.

   b. **Start Dates and Performance Periods**
   
   Applicants should plan their projects based on an estimated project start date of February 08, 2023 and be two (2) years in duration. Applicants are expected to achieve project deliverables and close out activities within the grant period specified.

   c. **Number of Awards**
   
   There is no commitment by NRCS to make a specific number of awards.

2. Type of Award
   
   a. **Type of Federal Award**
   
   This announcement plans to award cooperative agreement(s) pursuant to this opportunity.

   The Agency will be substantially involved in the work performed under the agreement and may undertake activities, where applicable, as follows:

   1) Authority to suspend work if specifications or work statements are not met
   2) Authority to review and approve one stage of work before another may begin
   3) Review and approval of substantive provisions of proposed subawards or contracts beyond existing Federal policy
   4) Project monitoring to allow specified kinds of direction or redirection of the work because of interrelationships with and impacts on other projects
   5) Review and approval of key personnel
6) Direct agency operational involvement or participation during the activity

NRCS will have the following responsibilities:

1) Connect pilot projects with other USDA agencies such as, but not limited to the Economic Research Service (ERS); National Institute of Food and Agriculture (NIFA); the Office of the Chief Economist (OCE); and other Federal partners (e.g., U.S. Environmental Protection Agency (EPA)) to collaborate on project activities and outcomes that contribute to the U.S. Food Loss and Waste 2030 goal (https://www.usda.gov/foodlossandwaste/champions);

2) Coordinate and convene the CFWR pilot project team(s) to collaborate with other Federal Government, regional, institution, state, and local experts. This collaboration will focus on information dissemination and project strategy implementation of the objectives related to CFWR as characterized above in the project description; and

3) Gather project data (i.e., methods, results, and derived benefits, including data on weight of food waste diverted from landfills and compost created) for evaluation and dissemination to increase access to, and solutions for, composting and municipal food waste reduction across the United States.

b. Procurement Contracts

The agency does not expect to award procurement contracts associated with this NFO.

c. Eligibility of Renewal or Supplemental Project Applications

Applications for renewal or supplementation of existing projects are eligible to compete with applications for new Federal awards. An application for renewal means an application submitted to continue an existing CFWR (formerly “Community Compost and Food Waste Reduction”, CCFWR) agreement that meets the objectives and requirements of this NFO. An application for supplementation of an existing project means an application to add components to an existing agreement so that it would meet the objectives and requirements in this NFO. Applications for renewal or supplementation cannot exceed the two-year project window required for all applications under this funding announcement. Such applications should include the most recent progress report for any existing project. Refer to section D(4) for more information about the elements required in a complete application package.

C. ELIGIBILITY INFORMATION

1. Eligible Applicants

Applicants and applications must meet eligibility criteria by the application deadline to be considered for award. Eligible applicant type is determined under 7 U.S.C. 6923. Applicant entities identified in the SAM.gov exclusions database as ineligible, prohibited/restricted, or excluded from receiving Federal contracts and certain Federal assistance and benefits will not be considered for Federal funding, as applicable to the funding being requested under this Federal program (2 CFR 200.206(d)).
Eligibility for this opportunity is limited to the following entity types:

a. City or township governments
b. County governments
c. Independent School Districts
d. State-designated Indian Tribes
e. Native American tribal governments (Federally recognized)
f. Native American tribal organizations (other than Federally-recognized tribal governments)
g. Special district governments
h. Municipal Governments

State designated Indian Tribes should select “Native American tribal organizations (other than Federally recognized tribal governments) when completing the SF-424 block 9.

Municipal Government should select “Other” and enter “municipal government” when completing the SF-424 block 9.

Applicants located within the 50 United States, the District of Columbia, the Caribbean Area (Puerto Rico and the U.S. Virgin Islands), the Pacific Islands Area (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) are eligible.

2. Other

Any award made pursuant to this NFO will be made to a single entity. Applicants that apply as “partnerships” or other similar groupings must clearly describe the relationship between the applicant and the partner entities. In all but exceptional cases, it must be reflected in the award as an awardee/sub awardee relationship.

An applicant organization may submit more than one application as long as each proposal is for a different project or is proposing different approaches. In the case of applications submitted as revisions or corrections to a previously submitted application under this NFO, the agency will consider the last application submitted prior to the established deadline.

Awards made pursuant to this NFO are not Farm Bill incentive contracts; therefore, agricultural producers receiving a payment through participation in a project awarded under this NFO are not subject to Farm Bill eligibility requirements such as 7 CFR Part 12 and 7 CFR Part 1400.

RESEARCH PROPOSALS WILL NOT BE ACCEPTED OR CONSIDERED. “Research” is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. A “research proposal” is one where the primary objective is such study and variables are unknown.

3. Cost Sharing or Matching

This NFO requires applicants to provide a minimum cost share of 25 percent of the federal share awarded. Applications that do not include the required level of cost-sharing will be ineligible for award. Cost sharing may be achieved with contributions of cash, services,
materials, equipment, or other in-kind contributions, which may be provided by the applicant or a third party. The following are examples of the appropriate level of cost-share for a given federal award amount.

<table>
<thead>
<tr>
<th>Federal Share Requested</th>
<th>Cost Share Min (25%)</th>
<th>Total Project Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>$45,000.00</td>
<td>$11,250.00</td>
<td>$56,250.00</td>
</tr>
<tr>
<td>$300,000.00</td>
<td>$75,000.00</td>
<td>$375,000.00</td>
</tr>
</tbody>
</table>

Refer to Section D of this NFO for information about any required submittals related to cost share or match requirements. While the pace of cost-sharing may vary throughout the award period, the agency will actively monitor cost-sharing levels as it receives payment requests to ensure the total cost sharing requirement is met by the award’s period of performance end date. Additional details about cost sharing or contributions are located at 2 CFR 200.306.

**D. APPLICATION AND SUBMISSION INFORMATION**

1. **How to Submit an Application**

   Applications must be submitted electronically through Grants.gov (see Section D.2. of this opportunity). Submissions must be received by the time and date due referenced under “Key Dates” in this document. Late submissions will not be reviewed or considered. The agency will rely on the Grants.gov system-generated date and time of submission receipt documentation to determine if the application was submitted prior to the established deadline.

2. **Information for New Users of Grants.gov**

   a. **Overview**

      While a Grants.gov account is not required to download a NFO and related documents, it is required to submit an application. If your organization has never submitted an application via Grants.gov, please be aware that there are several steps you must take to register your organization before you can submit an application. Completing those steps can take a significant amount of time, so please plan accordingly.

   b. **Register to Apply through Grants.gov**

      Carefully review the registration steps and gather information requested prior to beginning the registration process to avoid last-minute searches for required information. For assistance with the registration process, contact Grants.gov Applicant Support at 1-800-518-4726 or support@grants.gov.

      Organizations must complete all steps to register (steps c.i. through c.v. below). Complete organization instructions are included on Grants.gov here: [https://www.grants.gov/web/grants/applicants/organization-registration.html](https://www.grants.gov/web/grants/applicants/organization-registration.html).
Although creating a Grants.gov account online can take only minutes, SAM registrations may take several weeks. Therefore, organizations should begin the process early to ensure they have sufficient time to complete registration and meet required application submission deadlines.

Individuals are not subject to the Unique Entity Identifier (UEI)/DUNS or SAM requirement and may begin with step iii., Create a Grants.gov Account, listed below. (Note: Individuals are not eligible for all opportunities.)

c. **Steps to Register:**

   i. **Obtain a DUNS Number or UEI:** All entities applying for funding must have a Data Universal Numbering System (DUNS) Number from Dun & Bradstreet (D&B) or a UEI issued by SAM.gov. Applicants must enter the DUNS Number/UEI in the data entry field labeled "UEI" on the SF-424 form.

   ii. **Register with SAM:** (Note: this process may take two to three weeks) All organizations must register with System for Award Management (SAM) to apply online through Grants.gov. SAM registration must be renewed annually. Part of the SAM registration process includes designating an Electronic Business Point of Contact (EBiz POC). **The EBiz POC plays an integral part in the organization’s Grants.gov registration and application process.** The individual in that role must authorize all other roles in Grants.gov. For more detailed instructions for registering with SAM, refer to [https://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html](https://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html)

   iii. **Create a Grants.gov Account:** From the Grants.gov webpage ([https://www.grants.gov/](https://www.grants.gov/)), click “Register” in the top right-hand corner and follow the on-screen instructions or refer to the detailed instructions at [https://www.grants.gov/web/grants/applicants/registration.html](https://www.grants.gov/web/grants/applicants/registration.html)

   iv. **Add an Organization Applicant Profile to a Grants.gov Account:** A profile in Grants.gov corresponds to a single applicant organization the user represents (i.e., an applicant) or an individual applicant. If you work for or consult with multiple organizations and have a profile for each, you may log in to one Grants.gov account to access all your grant applications. To add an organizational profile to your Grants.gov account, enter the DUNS Number/UEI for the organization in the UEI (Unique Entity Identifier) field while adding a profile. For more detailed instructions about creating a profile on Grants.gov, refer to [https://www.grants.gov/web/grants/applicants/registration/add-profile.html](https://www.grants.gov/web/grants/applicants/registration/add-profile.html)

   v. **EBiz POC Authorized Profile Roles:** After you register with Grants.gov and create an Organization Applicant Profile, you must establish roles for individuals in the organization. The Authorized Organizational Representative (AOR) role is critical; it gives an individual permission to complete and submit applications on behalf of the organization. (Please be aware that the EBiz POC and the person with AOR Role cannot be the same individual; they must be different people.) Without this role, the organization cannot submit any applications. The request for role assignment will be
routed to the organization’s EBiz POC for approval. Once approved, the AOR can submit an application online. For more detailed instructions about creating a EBiz POC authorized profile on Grants.gov, refer to https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html

For instructions about tracking your role request, go to https://www.grants.gov/web/grants/applicants/registration/track-role-status.html

d. **Electronic Signature**

When applications are submitted through Grants.gov, the name of the organization applicant with the AOR role that submitted the application is inserted into the signature line of the application, serving as the electronic signature. Please be aware that the EBiz POC and the person with AOR Role cannot be the same individual; they must be different people. The EBiz POC **must** authorize people who are able to make legally binding commitments on behalf of the organization as a user with the AOR role. **This step (see step c.v. above) is often missed, and it is crucial for valid and timely submissions.**

e. **Workspace**

Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each NFO, you can create individual instances of a workspace. An applicant can start an application in Workspace and return to work on it later within Workspace.

f. **Apply for an Opportunity**

Below is an overview of applying on Grants.gov. For complete instructions on how to apply for opportunities, refer to https://www.grants.gov/web/grants/applicants/workspace-overview.html

i. Create a Workspace: Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

ii. Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the status of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

- **Adobe Reader:** If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

**NOTE:** Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html
• Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

• Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number/UEI. Once it is completed, the information will transfer (i.e., prepopulate) to the other forms.

iii. Submit a Workspace: An application may be submitted through workspace by clicking the “Sign and Submit” button on the “Manage Workspace” page, under the “Forms” tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

iv. Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the “Confirmation” page that is generated after submission. Using the tracking number, access the “Track My Application” page under the “Applicants” tab or the “Details” tab in the submitted workspace.

For additional training resources, including video tutorials, refer to https://www.grants.gov/web/grants/applicants/applicant-training.html

3. Electronic Application Package

Applicants interested in applying in response to this NFO must submit it via Grants.gov; the agency will not accept applications submitted via email or any other method. Applicants are urged to submit early to the Grants.gov system.

For technical issues with Grants.gov, contact Grants.gov Applicant Support at 1-800-518-4726 or support@grants.gov. Awarding agency staff cannot support applicants regarding Grants.gov accounts.

Address to Request Application Package
All information necessary to apply for this opportunity is included in the Grants.gov opportunity announcement.

4. Content and Form of Application Submission

The agency may choose not to consider applications that fail to comply with the required content, format, and page limits, or those that are incomplete.

Formatting requirements are as follows:

• Each page must be numbered and have one-inch margins.

• The text must be single spaced and typed in a standard typeface (e.g., Times New Roman, Arial, Courier) with no smaller than 12-point font.

To be considered for funding under this opportunity, an application must contain all documents in a-g below.
a. Project Abstract (1-page maximum)

Provide a descriptive title for your project. Then, present a statement of need or assessment of the problem. Define the target audience and end users of this project. Define the composting and food waste reduction goals in the targeted area. Describe how this project will initiate or build upon or expand related work or programs. The summary should also include the relevance of the project to the purpose (see section A.) and priorities of CFWR.

b. Project Narrative (15-page maximum)

The Project Narrative must cover all activities proposed to be carried out with both the federal and non-federal matching funds.

Project Narratives must contain headings 1 through 6 in the order listed below and must respond to each of the points included under each heading.

1. Introduction: Describe the applicant organization in terms of its location, demographics, and community served. Describe past and current involvement with developing and testing strategies for planning and implementing municipal food waste reduction and compost plans. Present a statement of need or assessment of the problem in the targeted community. Describe your approach to solving existing problems and concerns related to reducing food waste and increasing community compost.

2. Goals and Objectives: Describe the over-arching goal of your project and list any supporting objectives that may accomplish this goal. Describe the anticipated impact of this project on Executive Priorities including climate, equity, and environmental justice. This element may include, but is not limited to: participation by historically underserved groups or groups serving historically underserved or vulnerable communities; activities with the potential to mitigate the impacts caused by climate change.

3. Procedures and Work Plan: Discuss planned procedures and activities for achieving project goals and objectives, and provide project deliverables, milestones, and timelines for completion of those activities and collection and evaluation of data and reporting of outcomes. Describe the food waste reduction strategies and methods to be utilized, including food loss prevention strategies and recovery efforts. Identify what segments of the food chain the project will address (consumers, food purchasing, preparation, storage, preservation) and any barriers (economic, social, logistical, etc.) that must be overcome. Describe how the plan will make compost easily accessible to agricultural producers and community gardeners. Describe also how the plan will assist these agricultural producers, community gardeners, and other community members (such as residential gardeners) to reduce their reliance on or use of fertilizers, improve soil quality, encourage waste management and permaculture business development, increase rainwater absorption, reduce municipal food waste, and divert food waste from landfills. Include how your project will impact any existing food waste reduction, recovery and disposal by commercial, marketing, or business relationships in your area. For each task identify key personnel involved, including a description of those individuals’ experience and qualifications.
4. **Collaborators**: List partner institutions including contact names, addresses, phone numbers, and e-mail addresses (if applicable). Identify why the partner was chosen, how its activities will contribute to the success of the project, and the partnership arrangement. Where possible, project collaborators should represent a variety of disciplines and experiences directly related to the deliverables proposed and complementary to the qualifications of the core project team. Please note that collaboration with partner institutions is considered instrumental to the success of a CFWR project, and lack of such collaboration will be reflected in the proposal’s evaluation for funding.

5. **Evaluation**: Provide a plan for evaluating accomplishments and outcomes that match project deliverables. Include a timeline of activities with milestones and verifiable indicators to demonstrate how progress will be measured and achieved. Gather project data (i.e., methods, results, and derived benefits, including data on weight of food waste diverted from landfills and compost created) for evaluation and dissemination to increase access to, and solutions for, composting and municipal food waste reduction across the United States. Provide how you will convey results measured by weight (e.g., pounds/tons food waste diverted and/or composted created), which is required though will differ due to project scope. Include any anticipated or demonstrated economic benefits. Discuss if the project’s strategy to reduce food waste and increase community compost has the potential to be replicated in other areas.

6. **Self-Sustainability**: Describe which aspects or components of the project will continue beyond the end of the project period. Discuss how a one-time infusion of Federal funds will be enough for the proposed pilot project to advance CFWR goals and achieve sustainability. Projects should identify actual or potential funding sources for continuation of the project after Federal funding has ended.

If your proposal will include information collection from non-Federal sources, ensure the collection meets the requirements of the Paperwork Reduction Act. Surveys of individuals or entities are generally prohibited without prior approval from the Office of Management and Budget. For additional guidance about allowable and unallowable activities, visit the following website: [https://pra.digital.gov/do-i-need-clearance/](https://pra.digital.gov/do-i-need-clearance/).

The following documents do not count toward the above stated page limit.

c. **Standard Form (SF) 424, Application for Federal Assistance**

   See Instructions for Completing SF 424 located in Appendix C.

d. **Standard Form (SF) 424A, Budget Information - Non-Construction Programs**

   Fill in all spaces as appropriate. Section B, Item 6, Column 1 should reflect the agency funds, and Column 2 should reflect the applicant’s matching funds. This form is the summary budget for the project and should include the full project totals on pages one and two. See “Instructions for Completing SF 424A” located in Appendix D. Refer to Section D of this opportunity for information regarding indirect costs.

e. **Budget Narrative**

   i. In a separate document titled “Budget Narrative,” explain and justify all requested
budget items/costs. (Refer to the budget narrative guidance located at the end of this document.) Detail how the totals on the SF-424A were determined and demonstrate a clear connection between costs and the proposed project activities. For personnel salary costs, include the base-line salary figures and the estimates of time (as percentages) to be directly charged to the project. Describe any item that under the applicable Federal cost principles requires the agency’s approval and estimate its cost. The pages included as the budget narrative do not count toward the page limit. Cost sharing/matching must be committed at the time of application submission. The budget narrative must show the amounts and sources of match or cost share (including both cash and in-kind contributions). Budget guidance can be found in Appendix B of this NFO.

Applicants should take care to support any proposed equipment purchase with a detailed narrative and substantial documentation that includes how it will help accomplish the project deliverables; a lease vs. purchase comparison; how it will be inventoried, stored, and maintained during the project; and what will be done with it when the project is over. Be specific about why any included equipment is needed to meet the objectives of the project. See “Equipment” in the Budget Guidance appendix for a more thorough discussion of how to construct your budget narrative.

ii. For third-party contributions, a letter is required for each contribution, signed by the authorized organizational representative of the contributing organization and the applicant organization, which must include: (1) the name, address, and telephone number of the contributor, (2) the name of the applicant organization, (3) the title of the project for which the contribution is made, (4) the dollar amount of the contribution, and (5) a statement that the contributor will pay the contribution no later than the end of the award period. The agency may conduct reference checks to ensure that organizations identified are supportive and involved with the project. Cost sharing/match letters should be addressed to the Federal Awarding Agency Contact in Section G of this NFO and uploaded under Other Attachments (listed separately under Optional Forms) in Grants.gov.

iii. Any non-Federal entity (except State and local governments that receive more than $35 million per year in Federal funding) that does not have a current negotiated (including provisional) rate may elect to charge a de minimis rate of 10 percent of modified total direct costs (MTDC) which may be used indefinitely. No documentation is required to justify the 10 percent de minimis indirect cost rate. As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

iv. Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward more than $25,000. Other items may
only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

v. As required in 2 CFR Part 200, Subpart F Audit Requirements, all U.S. states, local governments, federally recognized Indian tribal governments, and non-profit organizations expending $750,000 or more in Federal award funds in a fiscal year must submit a Single Audit report for that year through the Federal Audit Clearinghouse’s Internet Data Entry System.

f. Grants.gov Lobbying Form, Certification and Disclosure of Lobbying Activities

Under Title 31 of the United States Code, Section 1352, an applicant or recipient must not use any federally appropriated funds (both annually appropriated and continuing appropriations) or matching funds under a grant or cooperative agreement award to pay any person for lobbying in connection with the award. Lobbying is defined as influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress connection with the award. Submission of an application also represents the applicant’s certification of the statements in 2 CFR Part 418, Appendix A-Certification Regarding Lobbying. If you/your organization have/has made or agrees to make any payment using non-appropriated funds for lobbying, you must also complete and submit the SF LLL, Disclosure of Lobbying Activities located at 2 CFR 418, Appendix B. See 2 CFR 418.110 for more information on when additional submission of this form is required.

g. Disclosure of Potential Conflict of Interest

Applicants must maintain written standards of conduct covering conflicts of interest and governing the performance of its employees in the selection, award, and administration of Federal awards. No employee, officer, or agent may participate in the selection, award, or administration of a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties referenced, has a financial or other interest in or a tangible personal benefit from an applicant considered for a Federal award. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the applicant.

If the applicant has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the applicant must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflict of interest means that because of the relationships with a parent company, affiliate, or subsidiary organization, the applicant is unable or appears to be unable to be impartial in conducting a Federal award action involving a related organization.

h. Negotiated Indirect Cost Rate Agreement (NICRA) if applicable

If charging indirect costs (including for cost share), upload the NICRA under Other Attachments (listed as an Optional Form) in the Grants.gov Opportunity Application Package. See Section D for information regarding indirect costs.
i. Progress Report for Existing CFWR Agreement, if applicable

If this application is for a renewal or supplementation of an existing CFWR agreement, include the most recent progress report for that agreement as an attachment. As part of the report, include progress to date on any proposed milestones.

j. Unique entity identifier (UEI)/DUNS and System for Award Management (SAM)

Each applicant (unless the applicant is an individual excepted from those requirements under 2 CFR 25.110(b) or (c), or has an exception approved by the Federal awarding agency under 2 CFR 25.110(d)) is required to: (i) Be registered in SAM before submitting its application; (ii) provide a valid unique entity identifier in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency. The agency may not make a Federal award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with the requirements by the time the agency is ready to make an award, it may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

Entities must obtain a DUNS or UEI and register in SAM prior to registering with Grants.gov. A description of each is below. Entities are strongly encouraged to apply early for their SAM registration.

System for Award Management (SAM) Registration: To register, go to: https://www.sam.gov. The Federal Service Desk is available for registration assistance and can be contacted via the Help tab at the website listed above.

Awarding agency staff cannot support applicants regarding DUNS/UEI or SAM issues.

The Government intends to replace the D-U-N-S® number with a “new, non-proprietary identifier” requested in, and assigned by SAM.gov. This new identifier is being called the Unique Entity Identifier (UEI), or the Entity ID. See Planned UEI Updates in Grant Application Forms for UEI updates.

5. Submission Dates and Times and Correspondence

Applicants must submit applications via Grants.gov. Applications must be received by 11:59 pm Eastern Time (ET) on September 1, 2022. An application submitted or resubmitted after the deadline is late (an application is considered on time at 11:59.59 pm ET, but it is late at 12:00 am ET). Late submissions will not be reviewed or considered.

Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the Authorized Organizational Representative (AOR) role attempting to submit the application. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process; be patient and give the system time to process the application.

If you have trouble submitting an application to Grants.gov, you should FIRST contact the Grants.gov Help Desk to resolve any issues. Keep a record of any such correspondence. See Section D. 2. for Grants.gov contact information.
For applications successfully transmitted to Grants.gov before the deadline: The applicant with the AOR role who submitted the application will receive:

- an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov
- an email with the official date/time stamp (this stamp is used to determine if the application was received prior to the deadline) from Grants.gov

When the agency successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will also provide an electronic acknowledgment of receipt of the application to the applicant.

6. **Intergovernmental Review**

This funding opportunity is not subject to Executive Order 12372, “Intergovernmental Review of Federal Programs.”

7. **Funding Restrictions**

Funds may not be used to pay any of the following costs unless otherwise permitted by law and approved in writing by the agency in advance of incurring such costs:

a. Costs above the amount of funds authorized for the project.

b. Costs incurred prior to the effective date of the award, including time spent applying for this opportunity.

c. Costs which lie outside the scope of the approved project and amendments thereto.

d. Entertainment costs, regardless of their apparent relationship to project objectives.

e. Compensation for injuries to persons, or damage to property arising out of project activities.

f. Consulting services performed by a Federal employee during official duty hours when such consulting services result in the payment of additional compensation to the employee.

g. Capital expenditures for general purpose equipment, buildings, and land and for improvements to land, buildings, or equipment which materially increase their value or useful life. See 2 CFR 200.439 for additional information.

h. Management fees and profit. Any funds awarded to for-profit entities must be used for reimbursement of award related direct and indirect costs only.

i. Meals may be charged to an award only if they are necessary for the performance of the project. For instance, meals (normally only lunch) that are a necessary part of the costs of meetings and conferences (i.e., required attendance and continuity of a meeting), the primary purpose of which is the dissemination of information, are allowable, as are costs of transportation, rental of facilities, speakers’ fees, and other items incidental to such meetings or conferences. Note: Meals consumed while in official travel status do not fall in this category. They are per diem expenses and should be reimbursed in accordance with the organization’s established travel policies subject to statutory limitations or in accordance with Federal travel policies.
j. Costs normally charged as indirect costs may not be charged as direct costs without proper justification and agency approval. Proper justification includes documentation that the costs meet the criteria for allowability (see 2 CFR 200.403). Examples of such costs include rent, utilities, depreciation on buildings and equipment, the costs of operating and maintaining facilities, and general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting.

k. Salaries that are not an allowable expense. All costs must be reasonable to be allowable (2 CFR 200.403), and 2 CFR 200.404 defines a reasonable cost as one if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.

This list is not exhaustive. For additional information please refer to 2 CFR Part 200, subpart E, Cost Principles.

8. **Indirect Costs Limitations**

   a. To be eligible to recover any indirect cost under a federal award, recipients must either 1) have a current negotiated indirect cost rate agreement (NICRA) with a federal agency that has not expired; or 2) qualify for use of the de minimis rate authorized by 2 CFR 200.414(f). A State, local, or tribal governmental department or agency unit that receives more than $35 million in direct Federal funding is not eligible for the de minimis rate.

   b. Applicants not subject to a statutory limitation, which have a current NICRA must calculate indirect costs using the rate and base specified in their NICRA. A recipient may voluntarily reduce or waive recovery of indirect costs at its sole discretion and must not be encouraged or coerced in any way to do so by the agency. A copy of the applicant’s current NICRA must be provided with the application. Indirect costs may not be recovered under an expired NICRA. However, if an applicant with a current NICRA is subject to the statutory limitation, indirect costs must be calculated as follows. First, multiply the NICRA rate by the base stated in the NICRA to arrive at Amount A. Next, multiply the statutory limit of 10 percent by the total of all direct costs to arrive at Amount B. The lower of Amount A and B is the amount of indirect cost to include on the budget.

   c. Recipients are prohibited from shifting unallowable indirect costs to another Federal award unless specifically authorized to do so by legislation.

E. **APPLICATION REVIEW INFORMATION**

1. **Review and Selection Process**

Applications will be screened for completeness and compliance with the provisions of this notice. Incomplete, noncompliant, and/or applications not meeting the formatting criteria may be eliminated from competition. In that event, the agency will send notification of elimination to the applicant. The agency intends to select and award without conducting any discussions or allowing applicants to correct deficiencies or omissions in their applications.
Consequently, applicants must ensure their applications are complete and accurate. However, while the agency intends to select without contacting applicants, it reserves the right to request applicants to revise their applications to correct deficiencies or omissions it identifies. If this occurs, the agency will conduct discussions with all applicants, identify deficiencies and omissions for all, and give applicants an opportunity to submit a revised application by a common cut-off date. The agency may also contact individual applicants to clarify certain components of their applications.

Merit/technical reviews will be conducted by a technical review board nominated by the approving official. Risk reviews will be conducted by the FPAC Business Center, Grants and Agreements Division. The approving official will make the final award decisions. The approving official for this opportunity is the Chief of the Natural Resources Conservation Service or Designee. In addition to the merit/technical review and risk reviews, the approving official may also give consideration to furthering programmatic purposes, including geographical dispersion, program balance, or diversity of awards.

Projects submitted in response to this NFO will be evaluated in two ranking pools according to “Project Level” where level is determined according to the federal funding amount requested:
- Level 1: $45,000 - $90,000
- Level 2: $90,001 - $300,000

2. Merit/Technical Criteria

The weights and evaluation criteria below will be used in reviewing applications submitted in response to this NFO. Proposals will be evaluated by the extent to which they meet the listed criteria:

a. Degree to which the proposal is consistent with the CFWR’s purpose and priorities (see section A.3. of this NFO). The number of purposes addressed by the project. The number of priority elements captured by the project. (Maximum 25 points)

b. Project Relevance (Maximum 20 points):

   i. Rationale (Maximum 15 points): The proposal’s success in implementing a project consistent with composting and food waste reduction goals in the target area(s), including estimated number of participants and one or more sources of relevant data. Degree to which the proposal aligns with USDA priorities including climate, equity, and environmental justice. Amount of anticipated participation by historically underserved groups or groups serving historically underserved or vulnerable communities. Description of activities with the potential to mitigate the impacts caused by climate change.

   ii. History and Capacity (Maximum 5 points): The applicants demonstrated experience with municipal Composting and Food Waste Reduction activities; the degree to which this information supports that the applicant can successfully execute the proposed project.
c. Degree to which the plan as presented successfully demonstrates the potential for significant positive impact on existing food waste reduction strategies including recovery and disposal and strengthens partnerships needed to accomplish those goals. (Maximum 20 points)

i. Evaluation Plan (Maximum 7 points): Clarity with which the proposal describes how activities will be monitored, data will be collected, progress will be measured, and at what frequency evaluation activities will occur. Degree to which identified indicators for measuring progress/impact are relevant and clearly align with project activities. Soundness of plan for tracking any anticipated or demonstrated economic benefits and impacts on existing food waste recovery and disposal by commercial, marketing, or business relationships in the target area(s).

ii. Monitoring and Evaluation Experience (Maximum 5 points): Proposal’s success in adequately describing the organization’s ability to monitor and evaluate the impact of the proposed project according to a proposed plan. Amount of relevant experience brought by the applicant or identified entity in monitoring and evaluation. Clarity and succinctness over the overview provided by the applicant of how the work will be evaluated.

iii. Sustainability (Maximum 5 points): Soundness of strategies provided by the applicant to ensure replicability and/or long-term viability of the project and describes how CFWR will be integrated into the operations, workflows, and staffing structure of the organization in order to continue past the end of the award. Extent to which the sustainability plan includes building or strengthening partnerships to promote CFWR as a priority to local stakeholders.

iv. Key Personnel Experience and Skills (Maximum 3 points): Amount of relevant experience and/or expertise described for required key personnel and/or entities needed to successfully develop and test strategies for planning and implementing municipal compost plans and food waste reduction plans. Adequacy of staffing plan.

d. Degree to which the project anticipates or demonstrates economic efficiency, including evaluating the amount of Federal funds requested and the cost-effectiveness of the budget (including analysis of such items as the rental of equipment, vehicles, land, and building space during the length of the cooperative agreement instead of purchase thereof) in relation to the expected measurable outcomes and project impact (Maximum 20 points):

i. Cost (Maximum 10 points): The total amount of Federal funds requested is within the allowable range ($45,000 to $300,000) and appropriate for the scope of the project. Proposed costs are reasonable, necessary, and allocable to carry out the project’s goals and objectives. Budget calculations and documentation clearly show how the budget components were developed and costs were estimated. The budget includes a line-item description for every allowable cost and shows how it supports the project goals. The purchase of special purpose equipment is supported by substantial documentation that includes how it will help accomplish the project deliverables; a lease vs. purchase comparison; how it will be inventoried, stored, and maintained during the project; and what will be done with it when the project is over.
ii. Budget Narrative (Maximum 5 points): Budget Narrative includes an itemized explanation and justification for all requested budget items and costs. Costs clearly support the purpose of CFWR. Details provided show how the totals on the SF-424A or SF-424C were determined and demonstrate a clear connection between costs and the proposed project activities. Budget Narrative and the Project Narrative clearly align with one another.

iii. Funding (Maximum 5 points): Applicant clearly describes how the program will continue to be funded or supported past the award period, by thoroughly identifying areas and activities that require additional funding and indicating specific sources of future funding (can be other grants, in-kind donations/volunteer hours/etc.). Applicant describes how CFWR efforts will be included in the local governments and/or organization overall long-term budget.

e. Quality of the plan for collaborating with multiple partners, including public or private entities, nonprofit or for-profit entities, academic institutions (including minority-serving colleges and universities), and/or other appropriate professionals, community-based organizations, and local government entities to achieve project objectives and outcomes (Maximum 15 points):

i. Diverse Collaborator List (Maximum 5 points): Applicant lists two or more partners from diverse disciplines and expertise to achieve project objectives and outcomes. Partners are from a wide range of organizations — universities, other federal agencies, non-profit organizations, businesses, foundations, and associations — in order to join strength and skills. Applicant provides complete contact information for each partner including contact names, addresses, phone numbers and email addresses (if applicable) in the Project Narrative.

ii. Partnership (Maximum 5 points): Applicant includes reasoning for why each partner was selected and clearly describes the partnership arrangement.

iii. Roles (Maximum 5 points): Applicant identifies and describes the contribution of each partner, what they are responsible for, and how each partner’s involvement will contribute to achieving project objectives and goals. The identified partners are appropriate for the listed role(s). Applicant clearly describes coordination among project team and partners.

3. Administrative and Risk Criteria

Notice of selection after merit/technical evaluation and other factors considered by the selecting official does not guarantee that an applicant will receive an award. Following notification of selection for funding (see Section F), the NIFA staff conducts a final administrative and risk review of those applications. The administrative review includes, but is not limited to, a check to ensure that NFO requirements were met (e.g., applicant meets eligibility criteria, application was submitted via Grants.gov by the established deadline), and proposed costs are allowable, allocable, and necessary. During this process, it may be necessary to request further documentation from the applicant (e.g., organizational information as part of the risk assessment, more detail regarding proposed costs).

In addition, to comply with the requirements at 2 CFR 200.206, the agency will follow, at a minimum, the risk review process described below (additional steps may be taken).
The awarding agency will check SAM to ensure the applicant is not suspended or debarred, which would preclude receiving an award. In addition, prior to making a Federal award with a total Federal share greater than the simplified acquisition threshold ($250,000), the agency must review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (the Federal Awardee Performance Integrity Information System, FAPIIS) (see 41 USC 2313 and 2 CFR 200.206(a)).

An applicant must meet the following standards to be considered for award:

a. **Financial Stability.** The applicant maintains an adequate financial resources or cash flow to meet its financial obligations on a routine basis to successfully complete any agreement it may be awarded.

b. **Quality of Management Systems and Ability to meet Management Standards prescribed in 2 CFR Part 200.** The applicant has a financial management system adequate to segregate and track federal funds. It has adequate systems in place for proper agreement administration; compliance with the standards outlined in 2 CFR Part 200 Section D for procurement, property, and records management; and required financial and performance reporting.

c. **History of Performance.** If the applicant has previously obtained Federal financial assistance award, it has never failed to materially comply with the Federal award terms and conditions and further that it has never had an award terminated on that basis.

Submission of an application constitutes certification that an applicant meets these standards (items a. through c. above). The agency may request documentation to substantiate the certification. Based on risk assessment, the agency may impose specific award conditions in accordance with 2 CFR 200.208.

4. **Awards Over the Simplified Acquisition Threshold (if applicable)**

a. Prior to making a federal award with a total Federal share greater than the simplified acquisition threshold ($250,000), the agency must review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM, the Federal Awardee Performance Integrity Information System, FAPIIS. FAPIIS is a federal database intended to serve as a government-wide source of information about the prior performance and compliance of federal procurement contractors, grantees, and cooperative agreement holders (see 41 U.S.C. 2313 and 2 CFR 200.206(a)).

b. An applicant may review information in FAPIIS accessible through SAM and comment on any information about it that a federal awarding agency previously entered.

c. The agency will consider any comments by the applicant, in addition to the other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 CFR 200.206, Federal awarding agency review of risk posed by applicants.
F. FEDERAL AWARD ADMINISTRATION INFORMATION

1. Federal Award Notices

The agency will provide notice that an application has been selected before it makes the Federal award. As such, the selection notification is not an authorization to begin performance. Any pre-award costs incurred by the awardee will not be reimbursed. The Notice of Grant and Agreement Award signed by the authorized agency official is the only authorizing document and will be provided electronically to the entity’s authorized official for signature.

The agency anticipates announcing or notifying successful and unsuccessful applicants by October 30, 2022 and expects to have Federal awards in place by February 08, 2023.

2. Administrative and National Policy Requirements

All project funds will be used in accordance with 2 CFR Part 200 and the General Terms and Conditions, which are available at the following website:

Projects performed pursuant to this opportunity may be subject to the National Environmental Policy Act (NEPA). If applicable, NRCS must work with awardees to complete an environmental review of each awarded project before project commencement. In addition, prior to any ground-disturbing activities related to NRCS funding, the awardee must work with NRCS staff to complete an environmental evaluation (EE) related to those activities. Awardees may be required to prepare or pay for preparation of an environmental assessment (EA) or environmental impact statement (EIS), should any environmental review find that an EA or EIS is required.

In addition, a National Historic Preservation Act (NHPA). Section 106 review and consultation by an NRCS State or area office with consulting parties (such as the pertinent State Historic Preservation Officer and federally recognized Indian Tribes) may be required prior to the implementation of project activities that have the potential to impact cultural resources. NHPA Section 106, its implementing regulations (36 CFR Part 800), and other related authorities, require Federal agencies to determine if a project has the potential to cause an effect to historic properties and, if so, if they are adverse and how the effects may be addressed. The NHPA review and compliance in accordance with Section 106 of NHPA and implementing regulations at 36 CFR Part 800 must be completed by NRCS and applicants may be required to pay for any cultural resource surveys needed for NRCS to assess project effects. More information on the applicant’s role in the NHPA Section 106 process can be found on the Advisory Council on Historic Preservation website at https://www.achp.gov/digital-library-section-106-landing/section-106-applicant-toolkit.

Consultation with the U.S. Fish & Wildlife Service and/or the National Marine Fisheries Service under the Section 7 of the Endangered Species Act (ESA) is also required for projects that may affect listed or proposed species or destroy or modify critical habitat. The ESA consultation in accordance with Section 7 of the ESA and implementing regulations at 50 CFR Part 402 must be completed by NRCS prior to the implementation of project activities that have the potential to impact species or habitat protected under the ESA. More
information on the Section 7 consultation process can be found at https://www.fws.gov/endangered/what-we-do/consultations-overview.html.

3. Reporting

Reporting will follow the guidelines included in the agency’s General Terms and Conditions, which are available at the following website: https://www.fpacbc.usda.gov/about/grants-and-agreements/award-terms-and-conditions/index.html.

If the federal share of any agreement awarded under this opportunity notice may include more than $500,000 over the period of performance, recipients must also comply with the post award reporting requirements reflected in Appendix XII of 2 CFR Part 200 —Award Term and Condition for Recipient Integrity and Performance Matters.

Applicants that receive awards pursuant to this opportunity and any sub awardees must comply with the reporting requirements described at 2 CFR Part 170 unless an exception applies. Applicants must ensure they have the necessary processes and systems in place to comply with those requirements. A list of exceptions can be found at 2 CFR 170.110(b).

Submission of interim and final reports are required to demonstrate the progress made toward the completion of project goals, objectives, and outcomes, as well as the agreement’s overall financial status. Federal Financial Report (SF-425) is due with each performance report to account for financial expenditures during that reporting period.

A progress report must accompany every payment and reimbursement request as a supplemental document. This report should illustrate the activities performed during the period indicated on the SF-270.

Performance reports and Federal Financial Reports (SF425) are due annually no later than 90 calendar days after each annual performance reporting period end date.

A final performance report and SF-425 must be submitted no later than 120 calendar days after the performance period end date.

Submit reimbursement requests to the ezFedGrants system or the FPAC Grants and Agreements Division via email to: FPAC.BC.GAD@usda.gov on a quarterly basis. Refer to the General Terms and Conditions for more information regarding payment requests.

G. FEDERAL AWARDING AGENCY CONTACT

For questions regarding this opportunity, please contact the following individual with the NFO number in the subject line:

Melanie Krizmanich
Grants Management Specialist
FPAC Business Center
Email: Melanie.Krizmanich@usda.gov with a copy to FPAC.BC.GAD@USDA.GOV

H. OTHER INFORMATION

1. Questions regarding this opportunity must be submitted to the Federal Awarding Agency Contact identified above via email with the NFO number in the subject line.
2. For technical issues with Grants.gov, please contact Grants.gov Applicant Support at 1-800-518-4726 or support@grants.gov. Awarding agency staff cannot support applicants regarding Grants.gov accounts.

3. Freedom of Information Act (FOIA)
   Applications are considered confidential information. Applications are not shared with individuals or entities seeking public disclosure through the Freedom of Information Act (FOIA) without the consent of the applicant. More specifically, Executive Order 12600 and USDA FOIA regulation 7 CFR Part 1, Subpart A requires the awarding agency to provide notice to applicants that a third party has requested copies of their business information and requires the awarding agency to consult with applicants regarding the releasing their records.

4. Government Obligation
   The Federal Government is not obligated to make any Federal award as a result of this opportunity. Only authorized federal officials can bind the Federal Government to the expenditure of funds.

5. Any award made pursuant to this NFO may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

6. Paperwork Reduction Act
   In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), a federal agency may not conduct or sponsor, a person is not required to respond to, and a person shall not be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB Control Number for information collected within this announcement is 0578-0032. All responses to this collection of information are voluntary; however, in order to obtain or retain a benefit, the information in this form is required (Agriculture Improvement Act of 2018, 7 U.S.C. 6923). The Natural Resources Conservation Service has no plans to publish information collected under the provisions of this program. You may submit comments identified by Docket ID No. NRCS-2022-0007, using Federal eRulemaking portal: Go to http://www.regulations.gov. For further information contact Brian Guse; telephone: (202) 641-7249; email: urbanagriculture@usda.gov.

U.S. Department of Agriculture Non-Discrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.
Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA’s TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at https://www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

(1) mail: U.S. Department of Agriculture  
    Office of the Assistant Secretary for Civil Rights  
    1400 Independence Avenue, SW  
    Washington, D.C. 20250-9410
(2) fax: (202) 690-7442; or
(3) email: program.intake@usda.gov

USDA is an equal opportunity provider, employer, and lender.
APPENDIX A: Application Package Checklist

Important: Proposals missing any of these required items will not be considered

PROPOSAL

☐ 1. Project Abstract: (one page maximum)

☐ 2. Project Narrative: (15 pages maximum)
   
   I. Introduction
   
   II. Goals and Objectives
   
   III. Procedures and Work Plan
   
   IV. Collaborators
   
   V. Evaluation
   
   VI. Self-Sustainability

☐ 4. Standard Form 424A, “Budget Information – Non-Construction Programs” if proposed construction. Also, need SF424C, "Budget Information for Construction Programs"

☐ 5. Budget Narrative

☐ 6. Certification Regarding Lobbying

☐ 7. Disclosure of Potential Conflict of Interest

☐ 8. Negotiated Indirect Cost Rate Agreement (NICRA) or de minimis rate agreement: (if applicable)

☐ 9. Letters of Contribution: (required if a third party is contributing to the project)

☐ 10. Most Recent Progress Report (if applicable; for supplementary/renewal applications only.)
APPENDIX B: Budget Narrative Guidance

All costs must comply with the cost principles of 2 CFR Part 200, Subpart E, “Cost Principles.” All costs (both Federal and any required non-federal cost sharing/match) that are part of an award must be:

• Allowable (2 CFR Section 200.403),
• Allocable to the agreement (2 CFR Section 200.405), and
• Reasonable in amount (2 CFR Section 200.404).

A thorough budget narrative will aid the administrative review and processing of a recommended award. Amounts included in a budget and budget narrative are estimates; in the event of an award, payments will be based on actual expenditures. The following is guidance for your use in preparing a thorough budget narrative. The guidance follows the order of the budget items.

COST-SHARING/MATCHING: You must provide the information below for the Federal portion of costs and separately provide the information below with the same level of detail for the cost-sharing/matching portion, as applicable, as part of the budget narrative.

PERSONNEL – Only include employees (and employees to be hired) of applicant organization
For employees of the recipient, include the position titles, percent of effort, rate of pay, estimated hours. This category includes salaries and wages of personnel of the applicant organization (i.e., employees) that will be working directly on the project. For each individual, identify their role and describe their contributions to the project. Also include their annual salary, percent of effort, and the period of time they will contribute to the project along with the associated funds requested for support.

Example:

Mr. Jones – Project Director. Accountable for assuring that all project activities are carried out in a timely, cost-efficient, and responsible manner. He will provide oversight of daily activities and lead and direct the project toward accomplishment of the objectives of the project. He is responsible for the submission of the required reports.

<table>
<thead>
<tr>
<th>Salary</th>
<th>% effort</th>
<th>Project Duration</th>
<th>Funds Requested</th>
</tr>
</thead>
<tbody>
<tr>
<td>$50,000</td>
<td>25%</td>
<td>12 months</td>
<td>$12,500</td>
</tr>
</tbody>
</table>

FRINGE BENEFITS – Only related to salaries identified under Personnel
Should not be included in Personnel. Explain what is included and how it is calculated. Fringe benefits include, but are not limited to, the costs of leave (e.g., vacation, family-related, sick or military), employee insurance, pensions, and unemployment benefit plans. Also, see 2 CFR 200.431, Compensation-Fringe Benefits. Provide information about how fringe benefits are determined along with the amount requested.

Example:
Fringe benefits - 25% of salaries and wages ($12,500 @ 25%). $3,125

**TRAVEL**
This is for recipient employees on travel status. State if the recipient will use GSA travel guidelines or their own travel policy. State the travel needs. Include information like mode of travel, miles traveled, cost basis for calculation, per diem, hotel budget, meal allowance, number of trips, number of people. Refer to your organization's travel policy for guidance on how to arrange travel. If your organization lacks a policy, it is expected that you follow the U.S. federal government policy, see [http://www.gsa.gov/federaltravelregulation](http://www.gsa.gov/federaltravelregulation).

For the budget narrative, identify the total funds requested for travel. Provide as much detail as possible including purpose, destination, dates of travel, and number of individuals for each trip. If the dates of travel are not known, specify estimated length of trip. Identify what will be followed (e.g., organizational travel policies or government per diem rates).

Example:

- 2 people - travel to Washington D.C. once per year for a two-day meeting [identify purpose of meeting].
  - Airfare $800 x 2 for airfare = $1,600;
  - Airport parking = $64
  - Hotel for 3 nights x 2 @ $200 = $1,200;
  - Meals for 2 days x 2 = $245;
  - Rental car for 3 days @ $110/day = $330. Total for trip: $3,439

- Local travel for project manager is calculated at .50 per mile throughout primary service area x 326 miles/month x 12 months = $1,956.

**EQUIPMENT**
A per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000 regardless of the length of its useful life. Equipment costs require prior approval. This needs to be very specific. What is being bought? What is used for? Who can use it? Why it is needed? How long will it be used? What will be done with it when the project is over? Equipment is defined as an item of property that has an acquisition cost of $5,000 or more (unless the organization has established lower levels). List each item of equipment along with the applicable cost. Include justification of its need in accomplishing the goals of the project.

Example:

To complete objectives #1 and #2, Refrigerated Trailer is required. XYZ Refrigerated Trailer, Model #123, at $5,555

These costs should only include the costs to purchase new equipment. The cost of renting or leasing equipment is not to be included in this category but instead, include under the
Contractual category. If equipment is costly, include a lease vs purchase comparison in the budget narrative in support of route chosen.

SUPPLIES

Supplies are defined in 2 CFR Section 200.1 as all tangible personal property other than those described in 2 CFR Section 200.313, “Equipment.” A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. See 2 CFR Section 200.453, “Materials and Supplies Costs, Including Costs of Computing Devices,” regarding the allowability of costs.

Indicate general categories of expendable supplies including an amount for each category. **Caution:** If a category is viewed as too general or the associated amount is too high, further itemization may be requested. Therefore, use good judgement in determining the level of detail to provide.

Example:

- General office supplies $50/mo. x 12 mo. = $600
- Postage $37/mo. x 8 mo. = $296
- Laptop Computer 1 x $900 = $900
- Printer 1 x $300 = $300
- Projector 1 x $900 = $900
- Copies 8000 copies x .10/copy = $800

CONTRACTUAL

Include name of contractor (if known), method of procurement, and scope of work or services to be provided. A contractor (vs. a subrecipient) provides goods and services within normal business operations. These goods and services are ancillary to the operation of the federal program. A contractor generally provides similar goods or services to many different purchasers, and normally operates in a competitive environment. This category includes consultants, subcontracts, etc.

Consultants -- List the total costs for all consultant services. Identify each consultant, the services he/she will perform, total number of days, rate of pay, travel costs, per diem, and total estimated costs.

Contract -- A contract is defined in 2 CFR Section 200.1 as a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. The term as used in this part does not include a legal instrument, even if the non-federal entity considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward (see 2 CFR Section 200.1 Subaward).
Explain the need for each contract and how their use will support the purpose and goals of the project. Additionally, describe the associated activities, scope of work or services to be provided and how the costs were estimated. If budgeting for a procurement action, document if a solicitation process has occurred or if the contract will be a sole source.

Example:

- ABC Company: Training $250/individual x 3 staff for 5 days = $750
- Amy White to provide Technical Assistant Services
  - 1 Full-Time Equivalent (FTE) @ $25,000 + 20% Fringe Benefits of $5,000 = $30,000
  - Travel at 2,000 miles @ .50 per mile = $ 1,000
  - Training course $ 175
  - Supplies @ $42.50 x 12 months = $ 510
  - Telephone @ $40 x 12 months = $ 480 $32,165
- John Doe, Consultant $40 per hour x 220 hours for 12-month period = $ 8,800
- To Be Announced Outreach Coordinator Annual salary $30,000 x 10% level of effort/12 mths = $ 3,000

CONSTRUCTION

Means the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction. The inclusion of this category is very regulated and has very standard requirements in the Budget Narrative outlined in regulations specific to the program. Proposal needs to include a detailed clear plan of actions, standards and plans in place. Before it approves the organization needs to do a cost analysis and evaluate the alternative of renting, owning and constructing. For construction or facility improvement contracts or subcontracts exceeding the Simplified Acquisition Threshold, the Federal awarding agency or pass-through entity may accept the bonding policy and requirements of the non-Federal entity provided that the Federal awarding agency or pass-through entity has decided that the Federal interest is adequately protected. The application must include an SF424C.

OTHER

Costs not fitting under one of the other categories are to be included under this category. The level of detail is to be commensurate with other categories. Subawards should be included in this category. Per 2 CFR Section 200.1, a subaward is an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Please include a similar level of detail in your subawardee budget narratives as you do for your primary awardee, including all relevant cost categories discussed elsewhere in this section.

Example:
Outreach Workshop
- Rental of facilities ($750/2 days) $1,500
- Information technology services $400
- Training packets (approx 125/$40 each) $5,000
  - Total $6,900

Note: Percentage for contingencies is not an allowable cost.

**INDIRECT**

2 CFR Section 200.1 defines indirect (facilities & administrative (F&A)) costs as those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of indirect (F&A) costs. Indirect (F&A) cost pools must be distributed to benefitted cost objectives on bases that will produce an equitable result in consideration of relative benefits derived.

This cost category guidance includes the following components described below:
- Calculation (This is to be included as part of the budget narrative)
- Indirect Cost Rates
  - Negotiated Rate
  - 10% De Minimis Rate
- Limitation (i.e., indirect cost cap)
- Unrecovered Indirect Costs for Cost-sharing/Match
- Voluntarily Reduce/Waive

**Calculation**

If indirect costs are requested as part of the proposed budget, you must provide details used in determining the indirect costs requested. For instance, provide the calculation specifying the amounts used in applying the base (the base specified in the applicable rate agreement) by the applicable rate (see indirect cost rate info below as well as Limitation section). The calculation can be displayed in different formats but must capture the components (i.e., amounts used in applying the base and the applicable rate).

**EXAMPLE 1:** For purposes of this example, the recipient uses the 10% de minimis indirect cost rate (10% of Modified Total Direct Cost (MTDC)). MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $25,000.

<table>
<thead>
<tr>
<th>Item</th>
<th>Budget</th>

<td>$50,000</td>
<td>$50,000</td>
</tr>
<tr>
<td>Materials and supplies</td>
<td>$3,000</td>
<td>$3,000</td>
</tr>
</tbody>
</table>
EXAMPLE 2: For purposes of this example, the recipient has a Negotiated Indirect Cost Rate Agreement (NICRA) of 20% with a base of salaries and fringe benefits.

<table>
<thead>
<tr>

</tr>
<tr>
<td>Subaward</td>
<td>$30,000</td>
<td>$0</td>
</tr>
</tbody>
</table>

$60,000 x 20% = $12,000 Indirect Costs

Indirect Cost Rate Types

Indirect costs may only be recovered if the non-Federal entity has one of the following indirect cost rates.

1. Negotiated Rate: If the organization has a current NICRA established with the cognizant Federal agency (the agency that provides the most funds to the organization), then provide a copy of the NICRA; expired rates are not acceptable. If unable to obtain a current negotiated rate from the cognizant agency, you are permitted to opt to use the 10% de minimis cost rate (you may only be reimbursed for allowable direct cost). Violation of cost accounting principles is not permitted when re-budgeting or charging costs to awards. Rather, costs must be consistently charged as either indirect or direct costs. Along with a copy of the NICRA, include the rate and base as part of the budget narrative.

Example:

Rate 24.87% of MTDC - 24.87% applied to the following items: $97,300 of Personnel, $23,352 of Fringe, $110,000 of other, and the first $25,000 of three (3) subawards = $76,015.65 indirect costs

2. 10% De Minimis Cost Rate: In accordance with 2 CFR 200.414(f), any non-Federal entities, unless excepted, may elect to forgo calculation of an indirect cost rate and request a 10% de minimis indirect cost rate. The 10% de minimis rate is applied to modified total direct costs (MTDC). For this purpose, MTDC means total direct costs related to the award, such as direct labor, fringe benefits, materials and supplies, publications, consultant services and travel costs. MTDC excludes the following costs: equipment, capital expenditures, participant support costs and the portion of each subaward and subcontract in excess of $25,000. Violation of cost accounting principles is not permitted when charging costs to awards. Rather, cost must be consistently charged as either indirect or direct costs.
If the 10% de minimis option is chosen, it must be used consistently for all Federal awards until such time you choose to negotiate for a rate, which you may apply to do at any time. If the organization previously opted for the de minimis rate, a copy of the rate agreement must be provided. If the organization is currently electing the de minimis rate, use an indirect cost rate of no more than 10% of MTDC when preparing the budget. If selected for award, a de minimis rate agreement will be executed along with the award, as appropriate.

Example:

Rate 10% of MTDC – 10% applied to the following items: $45,000 of Personnel, $10,800 of Fringe, and $59,000 of Other = $11,480 indirect costs

**Limitation**

Some programs may not allow the recovery of indirect costs. In such instances, the limitation flows down to subcontractors. Refer to the applicable notice of funding opportunity to determine if indirect costs are unallowable.

USDA appropriation acts limit indirect costs to 10 percent for cooperative and contribution agreements with nonprofit entities; for purposes of this limitation “nonprofit entities” includes institutions of higher education. For agreements subject to this limitation first apply the 10 percent indirect cost rate to the agreement’s total direct costs; this is shown on line 6.i of the SF424A. Then calculate indirect costs using the rate and the direct cost application base specified in the recipient’s NICRA. Use whichever rate results in the lower amount.

If the organization has a NICRA, both the NICRA calculation and the 10% TDC must be completed in order to determine the lesser (i.e., maximum allowed indirect costs) for the applicable project.

Calculation instructions: First, multiply the NICRA rate by the base stated in the NICRA to arrive at Amount A. Next, multiply the statutory limit of 10% by TDC to arrive at Amount B. The lower of Amount A and B is the maximum amount of allowable indirect cost, therefore include this amount on the budget.

**Unrecovered Indirect Costs for Cost-sharing/Match:** 2 CFR 200.306(c) provides, “Unrecovered indirect costs, including indirect costs on cost sharing or matching may be included as part of cost sharing or matching only with the prior approval of the Federal awarding agency. Unrecovered indirect cost means the difference between the amount charged to the Federal award and the amount which could have been charged to the Federal award under the non-Federal entity's approved negotiated indirect cost rate.” In instances where indirect costs are statutorily limited, unrecovered indirect costs will normally **NOT** be accepted as part of required cost sharing or match; only allowable if statute specifically allows it.

Voluntarily Reduce/Waive: A recipient may voluntarily reduce or waive recovery of indirect costs at its sole discretion and must not be encouraged or coerced in any way to do so by the agency. If organizations waive indirect cost recovery and request only direct costs, the organization is required to include in the award budget only those types of costs consistently treated as direct costs by the organization.
APPENDIX C: Instructions for Completing SF-424

SF-424, APPLICATION FOR FEDERAL ASSISTANCE

Applicants must review these instructions to ensure the form is completed correctly. This will reduce the likelihood that the form will need to be returned for correction and potentially delay execution of any resultant agreement.

</tbody>
</table>

All costs must comply with the cost principles of 2 CFR Part 200, Subpart E – Cost Principles. All costs must be allowable (2 CFR 200.403), allocable to the agreement (2 CFR 200.405), and reasonable in amount (2 CFR 200.404).

| Personnel | Compensation for employees of the applicant, for example, wages and salaries. See 2 CFR 200.430, Compensation-Personal Services. Do not include the cost of fringe benefits in this category. Such costs must be listed in the “Fringe Benefit” category. Do not include the personnel cost of contractor’s or other organizations with which a contract or other agreement for their services exists. Those amounts must instead be listed under the “Contractual” category as part of the total value of the contract or agreement. Do not include the value of donated or volunteer services (or third-party in-kind contributions of services) as it may not be charged to the Federal award either as a direct or indirect cost (2 CFR 200.434). However, the value of those services may be used to meet cost sharing/matching requirements (2 CFR 200.306). |
| Fringe Benefits | Fringe benefits should be separated out from the personnel category and are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick or military), employee insurance, pensions, and unemployment benefit plans. Also, see 2 CFR 200.431, Compensation-Fringe Benefits. Do not include the fringe benefit cost of contractor’s or other organizations with which a contract or other agreement for their services exists. Those amounts must instead be listed under the “Contractual” category as part of the total value of the contract or agreement. |
| Travel | Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the applicant. This only includes the travel costs directly incurred by employees of the applicant. Also, see 2 CFR 200.475, Travel Costs. Travel costs do not include the cost of renting a conference room for people who are in travel status. Instead, that type of cost should be included under the “Contractual” category. Travel costs incurred by a third-party under a contract or agreement with the applicant should instead listed under the “Contractual” category as part of the total value of the contract or agreement. |
| (6d) | Equipment | The common dictionary definition or common use of the term “equipment” does not apply to financial assistance agreements. Consequently, property that might otherwise normally be considered equipment, might actually be considered “supplies” as defined by 2 CFR 200.1.

“Equipment” is defined as “tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000.” See also §200.1 for Capital assets, Computing Devices, General Purpose Equipment, 200.58 Information Systems, Special Purpose Equipment, and Supplies”.

Include the cost of all equipment planned to be acquired under the agreement in this budget category.

Do not include the value of third-party in-kind contributions of property (2 CFR 200.1) as it may not be charged to the Federal award either as a direct or indirect cost (2 CFR 200.434). However, the value of this property may be used to meet cost sharing/matching requirements (2 CFR 200.306).

Do not include the cost of renting or leasing equipment in this category. Instead, such costs should be included under the “Contractual” category. Also, see 2 CFR 200.465.

Also, see 2 CFR 200.439, Equipment and Other Capital Expenditures, regarding allowability of costs. |
|---|---|---|
| (6e) | Supplies | Property that might otherwise normally be considered equipment, might actually be considered “supplies” as defined by 2 CFR 200.1 (see section above regarding the definition of equipment).

“Supplies” is defined as all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. See also §200.1 for Computing devices and Equipment”.

Include the cost of all supplies acquired under the agreement in this budget category.

Non-tangible goods and services associated with supplies, such as printing services, photocopy services, and rental costs should be included in the “Other” category.

Do not include the value of third-party in-kind contributions of property (2 CFR 200.1) as it may not be charged to the Federal award either as a direct or indirect cost (2 CFR 200.434). However, the value of this property may be used to meet cost sharing/matching requirements (2 CFR 200.306). |
| (6f) | Contractual | Services to be carried out by an individual or organization other than the applicant in the form of procurement.  
It excludes the acquisition of equipment and supplies, which is included under those respective categories.  
Do not include the value of donated or volunteer services (third-party in-kind contributions of services). While the value of those services may be used to meet cost sharing/matching requirements, it may not be charged to the Federal award either as a direct or indirect cost (2 CFR 200.434).  
Also, see 2 CFR 200.459, Professional Service Costs, regarding the allowability of costs. |
| (6g) | Construction | Include any construction, alteration, or repair of real property (e.g., buildings and facilities). |
| (6h) | Other (Direct Costs) | This category includes all other direct costs that do not fit in any of the other direct cost’s categories above. “Direct costs” is defined by 2 CFR 200.413. The costs in this section must be broken down in the budget narrative.  
Include sub-awards in this category  
Also, see 2 CFR 200.466, Scholarships and Student Aid Costs, regarding tuition remission. |
| (6i) | Total Direct Charges (sum of 6a – 6h) | Sum of 6a – 6h. If using electronic form, these numbers are auto-calculated. |
| (6j) | Indirect Charges | This category includes the amount of indirect cost permitted under the agreement. “Indirect costs” is defined by 2 CFR 200.414. |
| (6k) | TOTALS (sum of 6i and 6j) | Enter the total of amounts on Lines 6i and 6j. (This amount is auto-calculated if using Grants.gov.) For all applications for new grants and continuation grants, the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5. If using electronic form, these numbers are auto-calculated. |
| (7) | Program Income | Enter the estimated amount of total income, if any, expected to be generated from this project. If not applicable, leave blank. |
